This year's Awana Ministry Conference is going VIRTUAL. We have seen so many things change this year due to the coronavirus. We have been waiting and wanting to have an in-person conference for our Awana leaders and churches, but we have made the decision to host our event online.

A couple of things that will be helpful to know:

- This year's AMC is completely FREE for you and your Awana leaders.
- If possible, it would be great to see Awana leaders gather for the AMC at their church (using their church's safety guidelines) and watch this conference together, while reviewing this Awana year, what's working well and what could be better.
- We will be hosting this event with several other Awana Missionary couples from across the northwest.
- There will be a general session, 3 breakout sessions (with 30+ unique breakouts), and a connection time at the end that will be led by your Awana Missionary.

We pray and hope this will be a unique experience focused on inspiring, training, and connecting local Awana leaders. Pastors, Awana Ministry Directors, Leaders, Secretaries, and really anyone involved in an Awana club will find value in attending this event. We know that face-to-face is much better, we also know that God is in control of ALL THINGS. ... So we will use the tools that He has provided us with to do our ministry to the best of our ability at this time.

May God continue to bless your ministry!
