

Line Judge Test

Introduction
and
Instructions

Thank you for your willingness to help in this ministry to boys and girls. We know that the application process is quite extensive, but we will be protecting our children and ourselves from avoidable tragedy. We plan on having some of the best run events yet.

In Montana and Northern Wyoming games, we will be using the center pin and beanbag for scoring all the games except the Three-legged Race and the Agility Race.

To prepare for this test, read over the Line Judge Manual and the Rules and Regulations for which ever games you will be officiating at. The General Line Judge test covers questions that relate to all game events, so **everyone** needs to take that part of the test.

After you complete the tests, please either fax them to us or send them snail mail. Our FAX number is 1 (406) 492-6370
